

What is Informing our Decisions?

Strategic Plan (2023-2027)

This plan identifies the City of London's vision, mission, values, and priorities for the next four years, reflecting the needs and expectations of the community. As part of the Strategic Plan, one of the expected results is that "Londoners have safe access to public spaces, services, and supports that increase wellbeing and quality of life."

The London Plan (Official Plan)

This plan provides the policy framework for all planning in London, Ontario. This plan emphasizes London, Ontario will become one of the greenest cities in Canada by continually expanding, improving, and connecting our parks resources. This plan also notes London's system of parks will build upon the Thames Valley Corridor and parks will be connected and well distributed throughout the city to provide active and passive recreational opportunities for all Londoners and serve as focal points within neighbourhoods.

Parks & Recreation Master Plan (2019)

This plan is used to assess the current state of the parks and recreation system, identify gaps and needs, and plan for future investment that is strategic and in alignment with the policies of the London Plan, and in accordance with the Planning Act.
