

Notice of Submission of Environmental Assessment of the Proposed W12A Landfill Expansion, City of London

The City of London (the City) has completed the environmental assessment of the proposed expansion of the W12A Landfill site. As required under section 6.2(1) of the *Environmental Assessment Act* and according to the terms of reference approved by the Minister of the Environment, Conservation and Parks on July 30, 2019, the City has submitted its environmental assessment to the Minister of Environment, Conservation and Parks for review and approval.

What is Being Proposed?

The City's existing landfill (W12A) is expected to reach capacity in 2024. It is proposed to expand the W12A Landfill by approximately 13.8 million cubic metres to extend its life to 2049. It is also proposed to expand the service area to a regional area, which includes: the City of London, County of Huron, County of Perth, County of Elgin, County of Lambton, and County of Middlesex. Waste from these counties would represent, on average, about 5 per cent of the annual amount and only be permitted under direction from London Municipal Council. The landfill expansion will occur vertically above the existing landfill as shown on the map below.

The Process

As required under the *Environmental Assessment Act*, the environmental assessment will be available for public review and comment from February 4, 2022, to March 25, 2022.

A copy of the environmental assessment is available at:

London, ON N6A 4L9

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the Ministry of the Environment, Conservation and Parks for the purpose of transparency and consultation. The information is collected under the authority of the *Environmental Assessment Act* or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the *Freedom of Information and Protection of Privacy Act*. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the Project Officer or the Ministry of the Environment, Conservation and Parks 'Freedom of Information and Privacy Coordinator at 416-327-1434.
