HELPING YOU MAKE GREENER CHOICES

JANUARY/FEBRUARY 2023

GO SOLAR at home this year

MyHEAT Solar is an online tool that can help you identify the financial and environmental benefits solar panels would have on your roof.

Here are 4 steps to explore your home's rooftop solar potential:

- 1 Scan the QR code
- 2 Enter your address
- 3 Explore your home's solar power potential
- 4 Learn about rebates

Take advantage of up to \$5,000 in solar rebates

You may be eligible to save big towards the cost of a new solar power system!

#LdnOnt
ClimateAction

When you enter your address, a personalized rooftop analysis is created of how successful solar panels would be if they were installed on your roof.

The City of London has developed a Climate Emergency Action Plan with the community. Heating and cooling single-family housing is the second-largest source of greenhouse gas emissions in London. Renovating existing homes with energy-saving and zero-emission improvements is a priority included in London's plan.

Your Water Bill

2023 monthly water utility rates

Effective January 1, 2023, there will be a 2.5% increase to water utility rates. See the rate sheet at: london.ca/waterbill or request a hardcopy at 519-661-CITY(2489) x5081.

The average water bill will increase by approximately \$2.09* a month.

	2022	2023	Average increase = \$2.09*
Water Usage Charges	\$16.97	\$17.39	
Wastewater Usage Charges	\$15.49	\$15.87	
Infrastructure Connection Charges	\$51.85	\$53.14	
Total Usage 14m³	\$84.31	\$86.40	

* Based on 14m³ per month, with an average of three people living in house.

Understanding Your Infrastructure Connection Charges

Drinking Water Connection

Over 12,000 water quality tests per year.

Wastewater Connection

Operating 5 wastewater treatment plants and 38 pumping stations.

Stormwater Connection

Over 100 stormwater management systems throughout London.

Fire Protection

Over 8,500 fire hydrants helping to protect homes and businesses.

Customer Assistance

Helping Londoners deal with crisis situations.

Make sure your garbage and recycling is correctly placed at the curb

Remember to ALWAYS place garbage and recycling on level ground and within one metre of the curb to help ensure your collector's safety. Do not place containers behind or on snow banks.
