*The timing of each future phase is subject to necessary approvals and agreements

New road configuration / cross section

Managing Construction

Sunningdale Road & Richmond Street Improvements

Construction limits and timeline

- **Construction begins:** April 2025
- **Construction duration:** The project is anticipated to continue through 2025 with final asphalt being placed in 2026.

Construction stages

Anticipated impacts and access

Drivers

- Reduced lanes through the project limits along Richmond Street
- One lane in each direction maintained on Sunningdale Road
- A short-term road closure on Sunningdale Road
- Access will be maintained to commercial areas, and residences during construction
- Have frequent deliveries with larger trucks? Please reach out to us, so we can help you find the best route possible.

Anticipated impacts and access

Sidewalks

- Sidewalk closures and restrictions will be required during construction, always maintaining safe pedestrian connections on at least one side of the road
- Wayfinding signs will be in place to help guide people walking through the construction zones safely
- If possible, use nearby streets to avoid these restrictions

Transit

- Some LTC stops may be impacted while this work is underway. Transit riders are advised to visit the LTC website for service updates during construction

Service interruptions

- Scheduled service interruptions may occur during construction.
- You will be notified in advance via email, or with posted notes to your door.
- Please note that emergency interruptions may also occur during construction.

Traffic calming measures

Examples of traffic calming resources

Supports and communications

John-Paul Sousa

Your Construction Business Relations Coordinator

jpsousa@london.ca | 519-661-2489 ext. 7687

- Discuss construction impacts on your business or property
- Get updates on project progress/timelines
- Notify the City of key dates that are important to your business
- Review options to maintain business access and operations
- Suggest improvements or share construction experiences

Jason Rawson

Your Construction Project Manager

jrawson@london.ca | 519-661-2489 ext. 5731

- Get information about changes to the construction site
- Discuss service interruptions
- Coordinate deliveries
- Resolve issues in the construction zone
- Ask about construction processes
- Get in touch with the contractor

Communications resources and enhanced signage

Hello,

We're reaching out to let you know about upcoming overnight rolling closures to complete surface paving on both Fanshawe Park Road and Richmond Street.

When:
Starting on Sunday, October 6 until approximately Friday, October 11 (weather permitting). The overnight rolling closures are anticipated to begin each night at 7:00 p.m. until approximately 7:00 a.m. the following morning, with reduced lanes in effect during the day.

Where:
Fanshawe Park Road between Louise Boulevard and the east end of North Centre Road, as well as on Richmond Street from Jacksway Crescent to North Centre Road.

Anticipated impacts:

Stay informed

In-person drop-in session:

Drop in any time on **Wednesday, April 9, 2025**,
