Welcome

- Use Q & A button to ask a question or to let us know about any technical difficulties.

- Questions will be answered after the presentation.

- This meeting is being recorded and will be posted online at **getinvolved.london.ca/sunningdale-road-widening**

Land Acknowledgement

The City of London is situated on the traditional lands of the Anishinaabek, Haudenosaunee, Lūnaapéewak and Attawandaron.

We honour and respect the history, languages and culture of the diverse Indigenous people who call this territory home.

The City of London is currently home to many First Nations, Metis and Inuit people today. As representatives of the people of the City of London, we are grateful to have the opportunity to work and live in this territory.

Design Progression

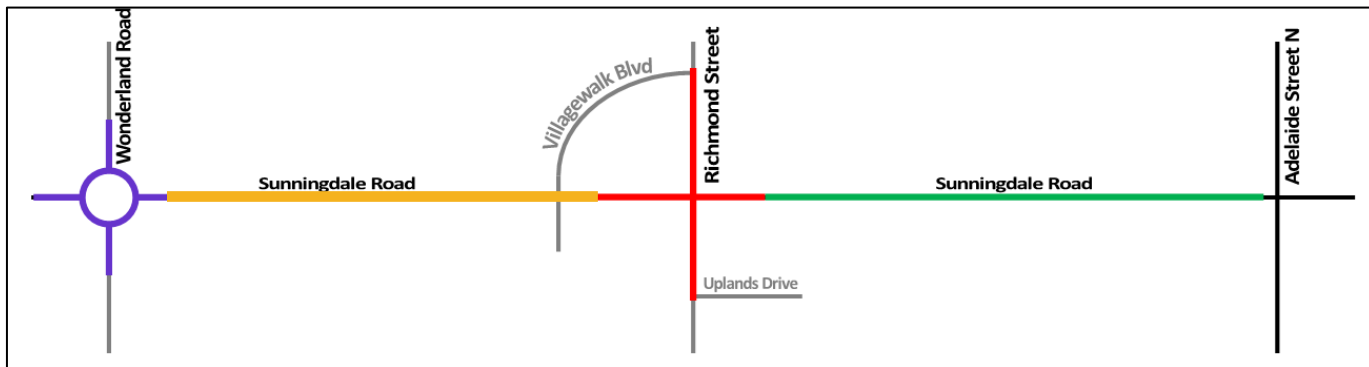

Environmental Assessment

Through the Environmental Study Report (2012), a number of improvements were recommended for Sunningdale Road, including:

- Improve Sunningdale Road from two to four lanes
- Sidewalk and cycling infrastructure throughout
- Intersection improvements at Wonderland Road, Richmond Street, and Adelaide Street
- Replacement of the Medway Creek Bridge, including a pathway underneath to allow future connection

Sunningdale Improvement Phasing

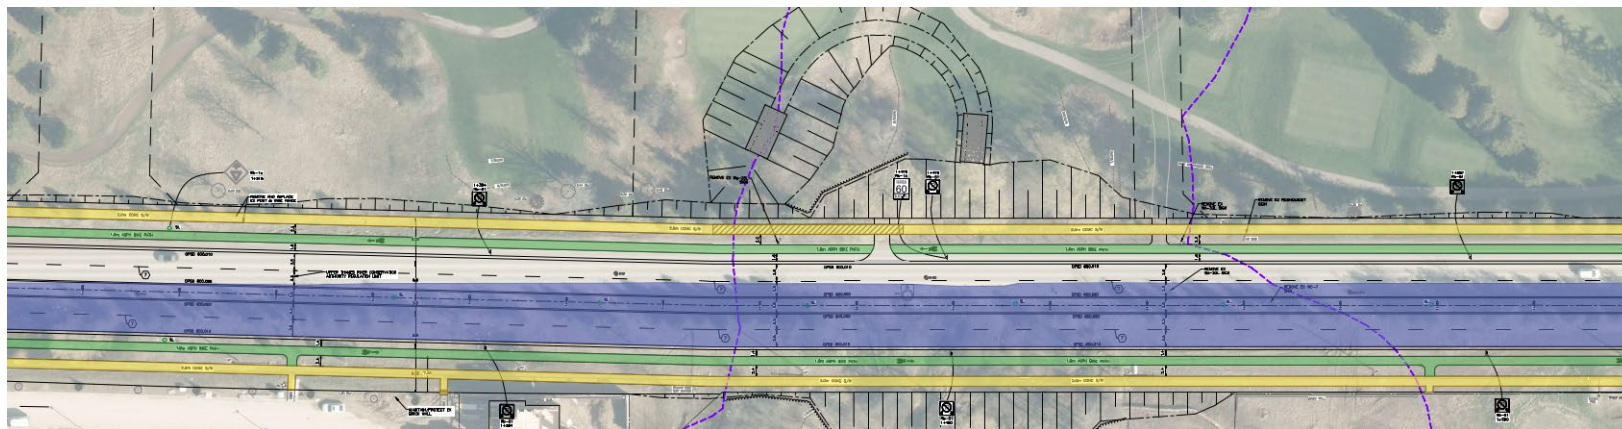

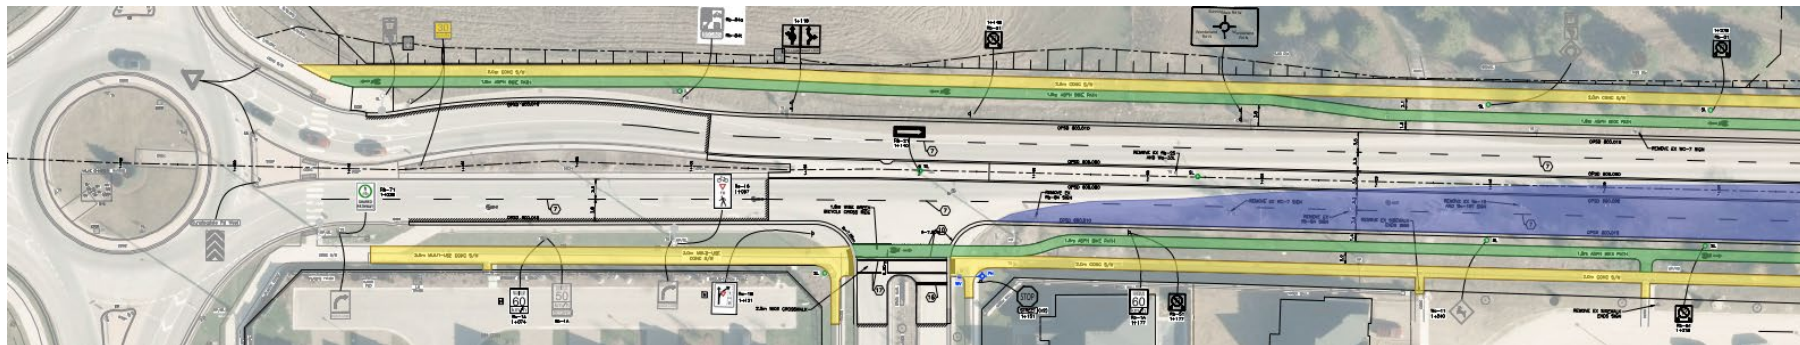

-  Phase 1 - Wonderland and Sunningdale Roundabout (Completed in 2015)
-  Phase 2 - Sunningdale and Richmond Intersection (Construction started 2025)
-  Phase 3 – Corridor Improvements between Wonderland and Richmond including the Medway Creek Bridge (tentative start spring 2026)
-  Future Phase – Richmond to Adelaide
(The timing of the future phase is subject to necessary approvals and agreements)

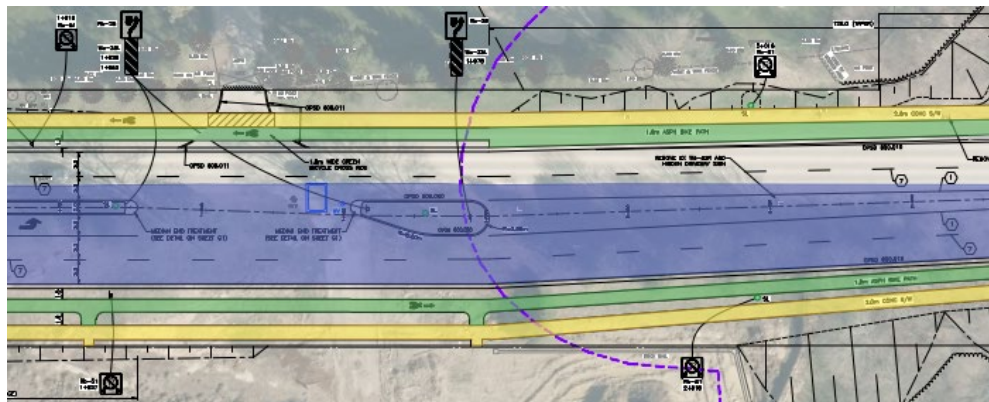

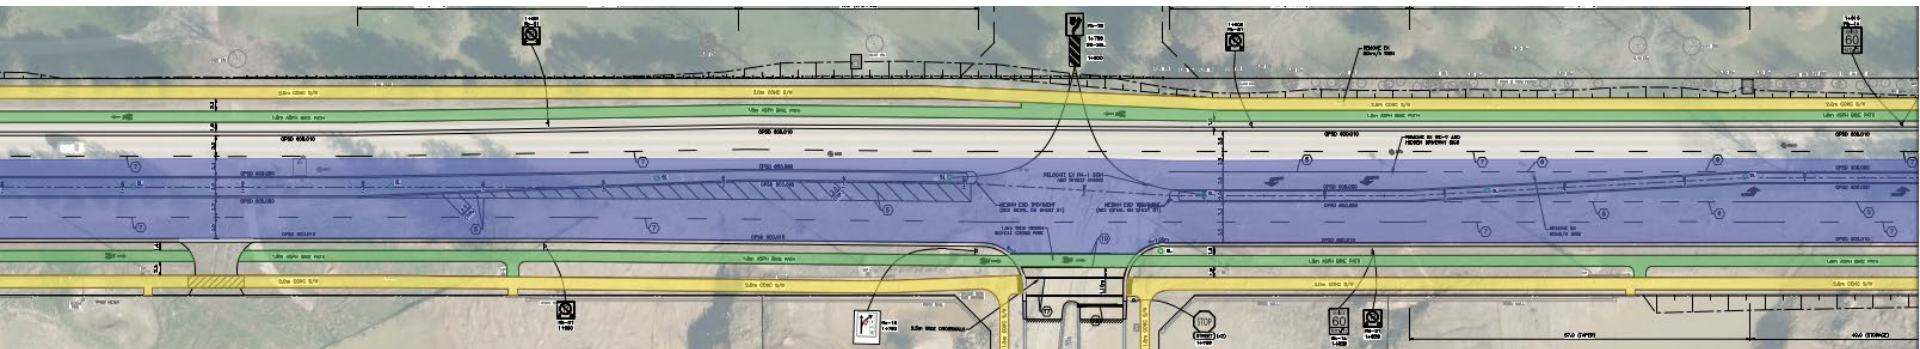

Sunningdale Road Improvements

- Widen Sunningdale Road from 2 lanes to 4 lanes, including turn lanes where required, curb and gutter and island medians
- Provide new cycle track and sidewalk in the boulevard on both sides of the roadway
- Install new sanitary and storm sewers with culvert upsizing
- Watermain replacement and relocation to allow for the Medway Creek Bridge reconstruction
- Reconstruction of the Medway Creek Bridge, including multi-use pathways
- Full signalization at Meadowlands Way intersection

Traffic Management

Drivers

2026:

- The Medway Creek Bridge will be closed throughout the duration of construction.
- Sunningdale Road from Wonderland Road to the Sunningdale Golf Club Entrance will be reduced to local traffic only during construction.
- Sunningdale Road from the east of the Medway Creek Bridge to Villagewalk Boulevard will remain fully open.

Traffic Management

Drivers

2027:

- The Medway Creek Bridge will be closed throughout the duration of construction.
- Sunningdale Road from the east of the Medway Creek Bridge to Meadowlands way will be closed to all traffic.
- Sunningdale Road from Meadowlands Way to Villagewalk Boulevard will be reduced to one lane in each direction during construction.
- Sunningdale Road from Wonderland Road to west of the Medway Creek Bridge will remain fully open.

Traffic Management

Sidewalks

- Sidewalk closures and restrictions will be required during construction, always maintaining safe pedestrian connections on at least one side of the road.
- Wayfinding signs will be in place to help guide people walking through the construction zones safely.

Transit

- Some LTC stops may be impacted while this work is underway. Transit riders are advised to visit the LTC website for service updates during construction.
