Tree Impacts - Ivey Park

Summary

Quantity of trees to be removed from park: 33
Quantity of trees to be removed from riverbank: 34
Other tree removals: 1 cedar hedge

All trees to be removed are in conflict with proposed infrastructure renewal and excavation required to access deep infrastructure.

Memorial Tree Impacts (2)

A Red Oak and memorial plaque dedicated to Howard G. Smith Jr. will be removed to facilitate construction.
The memorial plaque will be carefully relocated to the base of a replacement tree. Refer to Park Restoration for location.

Howard G. Smith Jr. memorial tree and plaque

A Freeman Maple (no memorial plaque) noted on the City tree inventory as a memorial tree will be removed to facilitate construction.
A replacement tree will be planted; refer to Park Restoration for location.
