

Notice of the Third Series of Open Houses
City of London Residual Waste Disposal Strategy
Environmental Assessment of the Proposed W12A Landfill Expansion

The City of London (the City) has initiated a study under the *Environmental Assessment (EA) Act* for a proposed expansion of the City's existing landfill (W12A), which is expected to reach capacity in 2024. The service area for the landfill expansion is proposed to be enlarged to a regional area, which would include: the City of London, County of Huron, County of Perth, County of Elgin, County of Lambton, and County of Middlesex.

The City wants community feedback on the proposed expansion of the W12A Landfill and is hosting this third series of open houses as follows:

February 26, 2020
Royal Canadian Legion (Basement)
7097 Kilbourne Road, London
2 – 4 p.m. and 5 – 8 p.m.

February 27, 2020
Earl Nichols Arena (Hall)
799 Homeview Road, London
2 – 4 p.m. and 5 – 8 p.m.

It is proposed that the landfill expansion (including buffer area) will occur within the area on and adjacent to the existing landfill property as shown on the map below.

At these open houses the public will learn about the EA process, the landfill expansion concepts (known as 'Alternative Methods'), the evaluation of 'Alternative Methods', the preliminary selection of the 'Preferred Alternative', and how to stay involved in the EA process. Additionally information on the development of the City's Resource Recovery Strategy will be available to the public.

A main focus of the open houses will be to inform the public and seek input on the Preferred Alternative for landfill expansion and to inform on the EA Process. Attendees will have the opportunity to have one-on-one discussions with City staff and the project consultant.

If you wish to be added to the project contact list, or have questions, please contact City staff/project consultant as noted below or visit the City's website at getinvolved.london.ca/WhyWasteDisposal.

All personal information included in a submission – such as name, address, telephone number and property location – is collected, maintained and disclosed by the MOECC for the purpose of transparency and consultation. The information is collected under the authority of the *Environmental Assessment Act* or is collected and maintained for the purpose of creating a record that is available to the general public as described in s.37 of the *Freedom of Information and Protection of Privacy Act*. Personal information you submit will become part of a public record that is available to the general public unless you request that your personal information remain confidential. For more information, please contact the MOECC's Freedom of Information and Privacy Coordinator at 416-327-1434.

Veillez noter qu'il vous est possible de nous communiquer vos commentaires ou vos questions sur le projet en français en les adressant à Trish Edmond dont les coordonnées sont indiquées ci-dessus.
